RE: South Carolina Electric & Gas Company – Application For Mid-Period  
Adjustment In Two Phases Of The Base Rates Charged By SCE&G For The  
Recovery Of The Fuel Costs Associated With Its Service To Retail Electric  
Customers  
Docket No. 2008-302-E

Dear Mr. Terreni:

Please accept this letter in supplement of South Carolina Electric & Gas Company's  
("Company") Application for Mid-Period Adjustment of Base Rates for the Recovery of Electric  
Fuel Costs filed on August 5, 2008, that has been assigned the above-captioned docket number.

The Public Service Commission of South Carolina generally seeks information about the  
impact of a proposed increase in fuel costs upon the average customer of the Company. The  
impact of the proposed mid-period adjustments, if approved, would be as follows:

For the November 2008 increase, an average residential customer  
will see an increase of 6.06%, an average commercial customer  
will see an increase of 7.37%, and an average industrial customer  
will see an increase of 12.05%. For the January 2009 increase, an  
average residential customer will see an additional increase of  
5.72%, an average commercial customer will see an additional  
increase of 6.86%, and an average industrial customer will see an  
additional increase of 10.75%. Amount and percentage of  
increases may vary within these categories, and individual  
customer bill increases may also vary depending upon actual usage  
patterns and amount of consumption.

(Continued . . .)

The Honorable Charles Terreni
